Telegram Mimic System

1. Standard Telegram Mimic Cabinets are constructed from an aluminium extrusion into which is fitted a white faced steel back plate mounted onto 12.5mm thick external plywood. Standard cabinet dimensions are shown on drawing MDS200/1.
Please note: Non-standard sizes are also available.
2. Tiles are manufactured from 1.5mm thick laminated p.v.c. and come complete with engraved symbol/text and magnetic rubber to our drawing MDS100/2.
3. Key cabinets, either wall mounted or mobile, are manufactured from mild steel, powder coated white (unless otherwise specified) and range from single key to eight key. All key numbers are logged and replacements are available. For further details see drawing MDS200/1.
4. ME Safety signs are made from rigid white 3mm thick p.v.c.
Design and colours conform to BS5378:1980 and 5252:1976 and are drilled for either wall mounting or temporary fixing. Temporary signs come complete with a 300mm red or yellow nylon cord for hanging.
5. Accessories include: Padlocks, Key Tags, Lock off hasps, labels and signs etc.
